

CCF Official Condemns Plan Urged by Drew

TORONTO, Jan. 12.—(CP)—E. B. Joffile, Ontario CCF leader, said last night that if Canada has no real post-war program in action within the next few months, it will be largely because neither the Dominion nor the provinces can act effectively until they reach agreement.

CRITICIZING proposals made by Premier Drew of Ontario to the Dominion-provincial conference, Joffile said that "the politicians who cause delay must accept responsibility for the results when there are not enough jobs, not enough houses, not enough rapid transit, and so on."

Mr. Joffile's speech was prepared for delivery at the annual meeting of the West York CCF association in suburban Swanton.

MR. JOFFILE SAID there was "not a ghost of a chance" that the Drew proposals would be accepted by the other provinces and by the Dominion.

But it was important and necessary that the federal and provincial governments should reach agreement in their present negotiations. The federal government's proposal to the Dominion Life Managerial Changes

post to the Dominion-provincial conference in August that it give more financial assistance to the provinces in return for their surrender of the right to levy personal income taxes, corporation taxes and succession duties did not go far enough, Mr. Joffile continued.

THE CCF WAS GENERALLY in favor of vesting in the Dominion the sole power to tax incomes and estates in Canada, providing the federal government accepted its proper share of responsibility for financing an adequate social security program.

It's now in town and you can see it—
The car that everyone knew must some day come—a car in step with the new-day wonders in engineering design, sleekly.

The new Nash "600"—the car that shows you today what tomorrow's cars must have. And what you see you're going to like—

★ Here is the first big car that gives you 50 to 55 miles on a gallon of gas, at moderate highway speeds—300 to 600 miles on one filling of the tank.

★ A car so big that the front seat's nearly five feet wide, and the back compartment can hold a big double bed at night.

★ A car that's built of one single unit of welded steel. No split body-and-frame, no separate parts to squeak and rattle. Made stronger, but hundreds of pounds lighter.

CPR Will Replace Lost Coast Ships

VANCOUVER, Jan. 12.—(CP)—The Sun, in a special dispatch from Montreal, yesterday quoted D. C. Coleman, chairman and president Canadian Pacific Railway, as saying the steamship service on the British Columbia coast, depleted by war service and consequent losses, "has long been a matter of concern to the CPR."

"Every consideration is being given to the matter of necessary replacement," Mr. Coleman was quoted as saying.

His statement added that "certain new vessels will be required and steps have been taken to acquire them when and where adequate craft can be most expeditiously and economically supplied, taking into account all relevant factors in the situation."

"NO AGREEMENT" in this respect, with any other company or interests exists, nor has one ever existed.

"The Canadian Pacific has every intention of restoring the first-class service, which world war disrupted, at the earliest possible date."

Ontario Centre Almost Isolated By Phone Strike

FORT FRANCES, Ont., Jan. 12.—(CP)—The strike of American telephone operators has practically isolated Fort Frances, Ontario, as far as long distance calls are concerned. Local subscribers attempting to get through to Toronto or Winnipeg are informed that only emergency or priority calls will be considered.

The reason for this is that all calls from Fort Frances to Winnipeg or Fort Williams must go through a circuit to Virginia, Minn., and from there to St. Paul, Minn. A call from Fort Frances to Toronto is relayed through Chicago.

Friday the International Falls Telephone Company, which handles all outgoing calls for Fort Frances, said they had contact only with Virginia, and Duluth.

Neither the telephone employees of Virginia or Fort Frances are directly involved in the American dispute.

Australia Seeks UNO Council Seat

LONDON, Jan. 12.—(CP)—Australia delegates to the United Nations Assembly were believed to intend tonight to campaign for election to the vital security council, despite reports that the Big Five had agreed on other candidates for the non-permanent seats.

It was considered unlikely that more than one Dominion would be elected to the council and Canada was one of the countries on which the Big Five were said to have agreed.

C. W. R. HODGSON, Australian minister to France, told a newspaperman that "Australia will not be satisfied" without membership. Australia was said to feel she should have a seat on the security council, rather than Canada, because of prestige. Canada will be elected to the commission to be set up to control atomic energy.

The Canadian delegates have been reluctant as to whether they will press for election to the security council or to other bodies to be set up by the assembly.

day. Delegates from all parts of Canada will attend.

\$2,500,000 At Stake

Resident of Kamloops May Be One of Men Sought for Big Legacy

KAMLOOPS, B.C., Jan. 12.—(CP)—Edward Whitmore, rooming house operator here and former owner of a Kamloops second hand store, said last night his historical background "closely corresponds to that of the men being sought" in connection with settlement of a \$2,500,000 legacy left by a man named Rangi MacWalker.

HE ADDED, HOWEVER, that he does not believe he is the person, but that he has written J. P. Thomson of Medicine Hat, Alta., who undertook the chore of rounding up the beneficiaries.

(Mr. Thomson said at Lethbridge, Alta., Wednesday, that MacWalker had left \$2,500,000 to men he worked with on the Calgary-Lagan division of the Canadian Pacific Railway and that he had been able to find all the beneficiaries except three Jewish brothers named Whitmore who handled commissary cases west of Kamloops.

MR. WHITMORE said last night, Thomson, assistant general chairman of the Brotherhood of Maintenance of Way Employees (A.F.L.), said the job of rounding up the beneficiaries was handed to him by an agent of the estate who considered the task too

"Now, he said, his task is completed and he has turned over the information to the executors and lawyers, and will take no more responsibility.

"At Vancouver, Mr. Whitmore's son, Edward, is an insurance salesman. He said he had heard of the search for the Whitmores, but had considered a clause in the bequest that "require him to declare himself a Jew" was a hoax to embarrass him.

Mr. Whitmore said he was born at Leicester, England, of English parents and came to Canada, "about 1910." He operated a second-hand store in Kamloops from 1912 to 1917 and was in the same business in Vancouver from 1917 to 1933, returning here in 1934. He said that he never worked on the railroad.

He has two other brothers in Kamloops and a third brother, Harry, lives in Salt Lake City, Utah. A fourth brother, Fred, died in England several years ago.

A SEARCH OF RECORDS in Kamloops showed that a Canadian Pacific Railway section man by the name of MacWalker lived here early in the century, but nothing is known of his fate.

Old Times said a report circulated here some years ago that MacWalker had returned from India after making a fortune and that he intended to divide \$2,500,000 equally among men who worked with him on the railroad.

They said he was asked to arrange a banquet at Revelstoke, B.C., or Vancouver, but made the announcement, but became sick and died. Nothing was heard of him until recently when the search for the Whitmore brothers was begun.

The Lethbridge report said Mr. MacWalker died in Baltimore, Md. in 1944.

S.C. Leader Says Sask. CCF Party Is Totalitarian

REGINA, Sask., Jan. 12.—(CP)—Dr. N. J. Haldeman, president of the Saskatchewan Social Credit League charged in a statement released yesterday that the Saskatchewan CCF government in taking over provincial bus lines was not to obtain revenue or improve service but to "centralize power and control in the hands of the state."

He said that when the CCF government takes over the bus lines in the province "they automatically saddle the people of Saskatchewan with an increased debt to the capital expenditure and subject them to further serious risks which may easily result from inexperience and usual inefficiency of government enterprise."

Dr. Haldeman added the charge that the action of the CCF "shows them to be promoters of totalitarianism masquerading as a people's party."

'Mount Eisenhower' Reception Is Mixed

CALGARY, Jan. 12.—(CP)—Residents of Banff were highly pleased when they learned Thursday that majestic Castle mountain, some 20 miles west of the mountain resort, had been re-named Mount Eisenhower.

"We feel it is a high honor that the mountain should be so named and consider it a fine tribute to a great man," one Banff citizen stated this morning.

It was a more practical standpoint, the people of Banff also believe the mountain, with its new name, will prove an attraction to American tourists.

SOME MOUNTAINEERS with a sentimental attachment to the mountain were displeased with the change in name and one of them, Robert Parkes of Calgary, forwarded an indignant telegram to Prime Minister Mackenzie King. It read as follows:

"We the members of the ski clubs and climbing clubs of the Rocky Mountains definitely protest the decision to rename Castle Mountain to an inappropriate name of Eisenhower peak. If you must prove your powers by renaming mountains how about renaming Mount Royal in Montreal."

First Major Crisis

German Churches Protest

Moves Against Clergymen

The first major crisis in the American scene of occupation between leaders of the Evangelical Church of Germany and U.S. military authorities is expected to develop in the near future unless the army changes its policy toward former members of the Nazi party.

AMERICAN DIRECTIVES on the subject, which are much sharper than those promulgated by the French, British and Russians, demand the removal of all persons who participated actively in the Nazi party.

Catholic and Protestant churches in Germany have officially protested to the American military government against alleged injustices done to thousands by wholesale mandatory removals rather than by judging cases individually.

That the military government of France has recommended that 270 Protestant clergy be removed, having their action as a return from a standard questionnaire submitted to all German churches, indicates that the American Church disciplinary boards already have removed more than 300 churches, but have refused to take action on certain others.

THIS POLICY of the boards has been supported by Bishop Theophilus Wurm, president of the Evangelical Church in Germany, who was an outstanding anti-Nazi. Bishop Wurm has insisted that unless the policy is changed, the churches will be broken, but have refused to take action on certain others.

Toronto Group Seeks Prevent Ousting Japs

A voluntary citizens' committee in Toronto has issued writs against the attorney-general on the ground that three orders-in-council authorizing the deportation of Japanese Canadians are "invalid, illegal and beyond the powers of the government-council."

ACTION by the committee followed a resolution adopted by the Canadian Council of Churches asking that the government to rescind applications to emigrate to Japan be allowed to alter their decision. The resolution also petitioned the government to allow to legal Canadian of Japanese ancestry the same rights as those possessed by other loyal and order citizens.

Other organizations, such as the Canadian Welfare Council, have petitioned the government to rescind the order-in-council.

THE NEWLY-FORMED citizens' committee here is sponsored by such prominent Canadians as B. K. Sandwell, the newspaper editor of Saturday Night; J. E. Atkinson, president of the Toronto Daily Star; George V. Ferguson, editor of the Winnipeg Free Press, and Prof. George H. Williams, president of the Civil Liberties Association.

Aid to Europe's Stricken People Strongly Urged

A four-point program setting forth a plan to facilitate aid to the stricken people of Europe has been set by President Truman, Secretary of State Byrnes, Secretary of War Patterson, Secretary of the Treasury Young, and Comptroller of the Currency.

The program is:

1. IMMEDIATE APPROVAL be given to the requests of UNRRA for such amounts as are deemed necessary to fulfill its international pledges of aid, and provide immediate relief to those in direct need in both Europe and Asia.

2. All necessary permits for food and clothing may be issued to individuals suffering in as much of Western, Central and Eastern Europe as is needed.

3. ALL NECESSARY PERMITS for bulk shipments of relief goods into Central Europe by the committee and other recognized relief agencies. All shipments from the committee would be handled by local church authorities and allied agencies in the several countries.

4. These matters be given immediate consideration and prompt implementation.

The program is being carried out by the War Relocation Authority, which has already received \$100,000 for the purpose.

Moose Jaw Wins Over Abbotts 6-3

Today's Sport Parade

NEW YORK, Jan. 12.—(BUP)—Debonair Dan Topping looked exactly like the cat that swallowed the canary Friday, but symptoms of indigestion were apparent in wide open warfare with no holds barred was declared between football's two professional leagues.

The essay in question was two-headed "Frisco" Frankie, who, a season before from Youngstown, Ohio, Topping signed a three-year contract as halfback of the New York Yankees of the new All-American conference.

The imminent indigestion loomed in the form of the Detroit Tigers of the rival National League. Significantly, a former Georgia footballer, signed a two-year contract with the Lions for 1944 and 1945 but played only one season and then spent last year in the army. The rum is that the Lions had an option until 1944, and thought he was going to return to the Detroit fold.

SO IT WAS a real surprise when Topping produced Sinkerich, signed and delivered. And it was even more of a jolt when he revealed that his agreement had reached Dec. 8.

For Sinkerich had told Lion coach Gus Dorais as late as last week that he was suffering from a bad cold and would see him soon regarding a contract. This, despite Topping's announcement just before Christmas that he was through with football.

"That was one of our statements," the double-dealing Daniel explained blandly. "We didn't want him to be bothered by other club which was trying to sign him."

IT DIDN'T SEEM to bother Topping that this untrue statement took a lot of previous action by thousands of newspapermen in business, Topping intimated, and it's every man for himself.

Sinkerich, too, took the same outlook.

"My leg is fine," it he would say.

But even in the National League annual meeting, they had plenty to say. They first of all.

Topping, assistant president of their meeting with announcement that he was Sinkerich's agent, a neat little maneuver which Topping described as "incident."

But the Nationals used such strong language against the personality and character of Topping, Sinkerich was at home of the line of a greyhound in his hand, he felt very much of the whole business.

"He played me bad," Dorais said of Sinkerich. "He told me just last night he would see me after having his bad leg treated."

BUT OF ALL THE showdowns, boxing Nationals, Gus seemed inclined to make a combat out of it.

"Even if we did get him back we'd have a discontented player on our hands," he mused. "I don't know what will happen—but it promises a little fight."

George Preston Marshall of the Washington Redskins came roaring in like a March wind and tried to enliven the funeral atmosphere. The laundry man recalled that his league's president earlier had told the new conference to "get a football" to go with its movie star backers. He had a little rhyme:

"If you want a football, Peachie, 'Go and see the All-American conference. It will be terrifically funny. The All-American conference still might not have a football—but it had Sinkerich. The preliminaries were over, they all knew the main bout was about to go on."

'Peg Monarchs Beat Wellingtons

WINNIPEG, Jan. 12.—(CP)—Winnipeg Monarchs overwhelmed Winnipeg Wellingtons 15-3 in a Manitoba Junior A hockey game here last night and maintained their place atop the league standings. It was Wellington's sixth straight defeat.

The ROAD AHEAD

By Capt. HARPER PROWSE, M.L.A.

It is nearly two months since the department of veterans' affairs started their nationally sponsored advertising campaign asking home-owners across Canada to "open your house to a veteran". The success of the campaign has varied from community to community—depending on the amount of co-operation the department has received from the local citizens' rehabilitation committees.

I Saw Today

FOR EXAMPLE, IN EDMONTON where the committee has been full co-operation to the campaign more than 200 veterans have been assisted to find homes for themselves and their families since the campaign started. These range all the way from one-room house-keeping set-ups to full fledged apartments. All of them aren't of course the answer to a home-hunter's prayer, but they are a lot better than hotel rooms or emergency accommodation provided in unenvied barracks blocks.

On the other hand, in Calgary where, for obscure technical reasons, the committee has refused to co-operate, the last count showed that fewer than 20 homes have been provided—less than one-tenth as many as Edmonton. And this is the situation which has caused a great deal of concern to both officials of the department of veterans' affairs and the committee.

THE CAMPAIGN STRESSES the fact that the "non-veteran" order, passed last summer when the house is to be let, is to be the veterans get comfortably settled in civilian life.

THE QUESTION

Is the continued briskness of sales by the city land department likely to continue throughout the year?

THE ANSWERS

HARRY FOLEY, clerk: With the very serious housing shortage that exists in Edmonton at present, it is probable that sales will continue.

BENJAMIN HOGAN, bookkeeper: So many people now housed on temporary emergency accommodation would indicate there are still many who are in need of homes. With the National Housing Act applicable in the province, it is probable that the building boom in the city's history during 1946.

WILLIAM HOPKINS, salesman: There are so many men returning from overseas who intend to start their own business that there is bound to be an upswing of sales during 1946. Also many firms will be seeking to locate in Edmonton and will be purchasing downtown city property. Several large sales already have been reported in recent days, and many others will follow as the construction season approaches.

All holiday activities have ceased since the beginning of the week of the New Year Monday with programs planned which indicate the clubs are resolved to make 1946 a better year for their organizations and for Edmonton and district.

THE AGRICULTURAL Institute of Canada will form the basis of a talk to be given members of the Rotary Club at their regular noon luncheon in the Macdonald hotel. L. M. Thomson, Swift Current, Sask., will be the guest speaker.

Comopolitans are scheduled to attend a business meeting of the club in the Corona at noon on Tuesday.

A BUSY WEEK is in store for the Gyro, R. W. Miller announces, with Leonora and a local broadcasting station addressing the club at a regular meeting Tuesday noon in Macdonald. Mr. Bouscasson has selected "Names That Make the News" as the title of his remarks.

A brief luncheon for Gyro will start at 12:30 p.m. on Wednesday, while the January bridge contest will be carried on throughout the week at members' homes in the city.

THE VALUE OF the tourist trade to the province of Alberta and the methods which might be used to develop the future will be discussed with Lions club at a regular meeting Thursday noon in Macdonald. By G. J. Hope, president of the Northern Alberta branch of the Lions Club.

The Y.M.C.A. club will be entertained at their meeting in the Y.M.C.A. on Tuesday evening by the balance of the program committee, of which only half has been completed. Bill Shedd will be acting as MC for this series and will continue in that capacity at this week's meeting.

ANNUAL REPORTS will be read to members of Kiwanis and statements of various committees of the year's activities will be given to the club at their meeting at the Macdonald Hotel Monday, according to Geo. B. Cooper, new president of the Kiwanis.

THE ALBERTA branch secretary, T. Ashworth, announced that following the chairman's annual address, reports will be received from the various committees, and new officers will be elected for the coming year. Invitations have been extended to Mel A. East, Saskatoon, chairman of the Y.M.C.A. division, C.M.A.; T. George Wood, Raymond, chairman of the Alberta branch, and also to other guests, to be present. G. B. Carpenter, Winnipeg, secretary of the province division, will also attend a special film entitled, "Three To Be Served", in addition to another short film to be shown, by courtesy of the National Film Board.

Police Checking False Fire Calls

Both fire and police department officers are keeping a constant watch over the large number of false alarm calls being turned in nightly, particularly from the Calder district. Chief Constable Reg. Jennings stated Friday morning that city police are keeping a sharp lookout for the offenders.

PIRE FIGHTING EQUIPMENT was called out twice Thursday evening in answer to false alarms. Both were turned in from call boxes in the Calder district. The first was made at 1:48 p.m. on 127th and 131st street and 12 miles later a second call was made from 128th and 117th street. Fire department officials revealed that they had received 13 false alarms since Jan. 1. They said the majority had been from the Calder and Bonnie Doone districts. It was pointed out that fire equipment had to make a 3 to 4 mile run over icy roads to check on the Calder calls.

Inquest to Probe Death on Monday

Inquest into the death of William Brooks, Transit hotel, North West Edmonton, will be held today at police court building Monday afternoon, according to an announcement made Friday by Dr. A. B. Braithwaite, chief provincial coroner. Brooks died last night of a heart attack while on duty as a driver of a truck for the C.N.R. No. 3 passenger train at Wildwood.

THE CORONER also passed that inquest into the death of Mrs. Margaret (Evelyn) Hines of Stony Plain will be held Tuesday afternoon, according to an announcement made Friday by Dr. A. B. Braithwaite, chief provincial coroner. Hines was killed by a truck driven by Walter Woczek of Stony Plain.

DOROTHY DIX SAYS—

Second Marriages Are Less Risky Than First

Those Who Remarry Find Their Mates More Endurable Than Do Amateurs Who Are Entering Upon Marriage for the First Time

A correspondent asks: "Are second marriages ever as happy as first ones?" Certainly, if we take divorce statistics as a criterion of domestic bliss, it would seem that second marriage is a better risk than first one. For fewer widows and widowers who remarry find their mates unendurable than do the amateurs who are entering upon the great adventure for the first time.

This is, of course, in direct contradiction to all the romantic theories about marriage. It is the tradition to glorify young love and talk about one dream of a lifetime. And to assume that every starry-eyed girl and boy who get married will be happy together for the rest of their lives. But the statistics tell a different story. They show that the first marriage is a better risk than the second.

Naturally no one can grow wiser by any marriage is going to turn out, but the fact that second marriages so seldom end in divorce proves several things. One is that the first marriage is a better risk than the second. Another is that the first marriage is a better risk than the second.

Also, in choosing a husband or wife, as in everything else in life, experience makes for success. Boys and girls who have never been through the experience of love and marriage are entering upon a new adventure. But those who have been through it before are entering upon a second adventure.

Also, in choosing a husband or wife, as in everything else in life, experience makes for success. Boys and girls who have never been through the experience of love and marriage are entering upon a new adventure. But those who have been through it before are entering upon a second adventure.

McCoy Health Service

Influencia on as it is popularly known, is a respiratory disease, leaving the patient in a week, or more, and the acute attack itself may last for 7 days to 10 days, the recovery is frequently very slow and the patient may feel miserable for 3 months afterwards, or even longer.

In some ways, influenza may be compared to a war, for the struggle itself comes to a definite end and is then followed by a long period of recovery. Certainly, the patient who has cut out of the picture may find that it takes a long time to get back on his feet.

The principal complication resulting from influenza is a chronic bronchitis, marked by a persistent cough. Usually, the patient complains of the cough and also complains of feeling tired or weak. Sometimes he mentions that he is short of breath. However, he is only rarely that he sees the connection between the previous influenza and the present condition.

Next after bronchitis, the commonest complication of influenza is some type of nervous or mental disorder. Almost all types of nervous symptoms may be noted and very often the most pronounced symptoms are nervous. For example, the patient may develop a neuritis of various organs. That is, he may develop a gastric nervous leading to indigestion, or he may experience marked mental depression.

Another outstanding after-effect of influenza is the general debility so often observed. The patient has an annoying and persistent weakness or tired sensation. In many cases, intestinal irregularities are a prominent feature and the patient develops diarrhea or colic.

In some instances, the chief after-effect is that the patient will lose his bladder and this organ functions in an abnormal manner, which may cause the patient to believe that he has a true gladder.

JOSEPHINE LOWMAN now there are going to be a great many more attractive looking women, looking for a husband. The man in the street is looking for a wife. The man in the street is looking for a wife. The man in the street is looking for a wife.

Why Grow Old?

Major-Gen. Alfred H. Gruenther, former chief of staff of the Fifth Army and later the Fifth Army Air Corps, is visiting the national tournament at Atlantic City.

The general has always been interested in bridge and some of his friends recall the hand I wrote in which he played with Gen. Dwight D. Eisenhower.

END OF THE LINE!

JERRY SIEGEL AND JOE SHUSTER

DANGER! HIGH TENSION 20,000 VOLTS

COPYRIGHT, 1946, McCLURE NEWSPAPER SYNDICATE

SUPERMAN, HAVING PERSUADED RACKETEER RAY BURNHAM TO CONFESS BEING THE REAL MURDERER OF "HAPPY JACK" KENNEDY, IS RUSHING BURNHAM TO THE GOVERNOR'S MANSION, IN A LAST-MINUTE EFFORT TO SAVE ROY CARSON FROM PAYING THE PENALTY FOR A CRIME HE DIDN'T COMMIT.

324

I'M SORRY, SIR, BUT THE GOVERNOR HAS RETIRED. YOU CAN'T SEE HIM!

WANT TO BET?

THE MAN OF STEEL AND HIS COMPANION STREAK PAST THE BUTLER AT SUCH TERRIFIC SPEED THAT HE IS NOT EVEN AWARE OF THEIR PASSAGE!

NOW WHERE DID THOSE TWO VANISH TO?!

FIRST THEY WERE THERE, AND THEN THEY WERENT! AND SUCH AN OUTLANDISH COSTUME ON THAT ONE CHAP. GUESS I'LL HAVE TO STOP EATING SUCH HEAVY SNACKS JUST BEFORE BEDTIME...

BUT UPSTAIRS IN THE GOVERNOR'S BEDROOM—

WHAT'S THE MEANING OF THIS?

SORRY TO BE SO INFORMAL, MR. GOVERNOR, BUT A MAN'S LIFE IS AT STAKE!

YOUR STORY'S INCREDIBLE, YOUNG MAN—ALMOST AS INCREDIBLE AS YOU ARE—BUT I'M IMPRESSED ENOUGH TO CALL STATE'S PRISON AND ORDER THE EXECUTION STAYED, PENDING A FULL INVESTIGATION!

YOU'RE CALLING NOBODY! IF I'M DOOMED, CARSON IS GOING TO DIE TOO! I'VE ALWAYS HATED HIM!

WE CAN STILL SAVE HIM, SIR, WITH YOUR PERMISSION, I CAN SMASH THE HIGH TENSION WIRES WHICH FEED ELECTRICITY TO THE ENTIRE CITY!

NO GOOD, SUPERMAN!

THE LEGISLATURE HAS DONE AWAY WITH ELECTROCUTION, AND REPLACED IT WITH HANGING!

THEN I REALLY HAVE TO DO SOMETHING! I SUGGEST YOU KEEP THAT RAT COVERED UNTIL YOU CAN SEND FOR HELP.

MY SUPER-SIGHT OUGHT TO HELP ME SEE AHEAD TO THE PRISON, AND—GREAT SCOTT, AM I TOO LATE?

AT THAT VERY MOMENT THE TRAP ON THE GALLOWS IS SPRUNG!

THE PROWLER

THE Teenie Weenies are in great fear of one small animal that sometimes prowls about the neighborhood of the Teenie Weenie village. All the birds and little animals are afraid of it, too, for it destroys great numbers of mice, rabbits, young birds, and even big chickens. This vicious little beast is called a weasel. It has a pretty coat of light brown during the Summer, but in the Winter its fur turns to pure white, and the animal can hardly be seen as it moves swiftly over the snow-covered ground. Birds and animals are always on the watch for the weasel, and when he is about, they all hide in terror.

Skippy the chipmunk, a friend of the Teenie Weenies, who lives near their village, is terribly afraid of the weasel, for the beast will go down deep into the ground where chipmunks usually live. Skippy has several false openings to his hole. These he keeps plugged up with soft earth so he can get away if the weasel should come into his home. But in spite of those safety doors, Skippy is in great terror of a visit from the beast. Skippy generally stays in his hole and sleeps most of the Winter in his warm nest, deep under an old tree stump. But since the Teenie Weenie Indian has been spending the Winter in a little cave off the tunnel that leads down to the chipmunk's nest, Skippy often comes outside on pleasant days.

One morning, when Skippy came out to watch the Indian cook his breakfast near the opening to the hole, a chattering blue jay warned that a weasel

was in the neighborhood. Skippy was nearly frantic with terror. The Indian was alarmed, too, and he asked the Teenie Weenies for help.

"Sure!" exclaimed the Old Soldier with a wooden leg, when he heard how badly Skippy was scared. "We can fix that. We'll build a stout door to the entrance of Skippy's hole and then he'll be safe."

The Turk agreed to help, and the two took their tiny tools to Skippy's home. Skippy carried the lumber in his mouth from the Teenie Weenie work-

shop, and the Old Soldier and the Turk soon built a strong door. They securely closed the false openings, and then they showed Skippy how to close and fasten the door they had built.

Skippy had filled his storeroom with all sorts of nuts and seeds in the Fall. Now, with a strong door on the entrance to his hole, he felt secure and happy. One night a weasel sniffed at the hole, but when he saw the stout door he went off and did away with three hens that lived in a rickety coop.
